BOARD OF DIRECTORS' REPORT

We are pleased to submit our report in respect of the company's business activities during first quarter of 2022 together with our Auditor's report in addition to the summary of financials for the period ended 31 March 2022.

The United Arab Emirates is hoping the economy will grow by 5% to 6% this year as UAE and the whole world recovers from the pandemic. However, the IMF expects the UAE economy to grow by 3% this year after it expanded by 2.1% in 2021. Further, the UAE's non-oil economy has benefited from public spending, credit growth and improving business sentiment, and its hosting of the Dubai World EXPO has boosted tourism.

The UAE's insurance industry is also expected to continue its path to grow with the projected growth in the economy. With all the expectations and challenges, we are happy to announce an increase of 13.88% in company's net profit for the first quarter of 2022.

The main highlights of the company's Financial Results for the period ended 31 March 2022 can be summarized as follows:

Introduction

We have reviewed the accompanying condensed interim consolidated statement of financial position of Al Ain Ahlia Insurance Company P.S.C. (the "Company") and its subsidiary (collectively referred to as "the Group") as at 31 March 2022 and the related condensed interim consolidated statements of comprehensive income, changes in equity, and cash flows for the three-month period then ended and other related explanatory notes. Management is responsible for the preparation and presentation of this condensed interim consolidated financial information in accordance with International Accounting Standard 34 ("IAS 34") *Interim Financial Reporting*. Our responsibility is to express a conclusion on this unaudited condensed interim consolidated financial information based on our review.

Scope of review

We conducted our review in accordance with the International Standard on Review Engagements 2410, *Review of Interim Financial Information Performed by the Independent Auditor of the Entity*. A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the accompanying condensed interim consolidated financial information is not prepared, in all material respects, in accordance with IAS 34 *Interim Financial Reporting*.

2 Basis of preparation

Statement of compliance

This condensed interim consolidated financial information is prepared in accordance with International Accounting Standard ("IAS") 34 "*Interim Financial Reporting*".

The condensed interim consolidated financial information does not contain all the information and disclosures required in the annual consolidated financial statements and should be read in conjunction with the Group's annual consolidated financial statements as at 31 December 2021. In addition, the results for the three-month period ended 31 March 2022 are not necessarily indicative of the results that may be expected for the financial year ending 31 December 2022.

The condensed interim consolidated financial information has been prepared on the historical cost basis except for the investments carried at fair value through other comprehensive income and investment properties.

The condensed interim consolidated financial information is presented in United Arab Emirates Dirhams ("AED"), being the functional and presentational currency of the Company and the Group. All assets have been rounded to the nearest thousand (AED'000) excepts when otherwise indicated.

Use of estimates and judgements

The preparation of this condensed interim consolidated financial information requires management to make judgements, estimates and assumptions that affect the application of accounting policies and reported amounts of assets and liabilities, income and expense. Actual results may differ from these estimates.

In preparing this condensed interim consolidated financial information, the significant judgements made by management in applying the Company's and Group's accounting policies and the key sources of estimation and uncertainty were the same as those that were applied to the consolidated financial statements as at and for the year ended 31 December 2021 with the exception of new standards applicable from 1 January 2022.

However, the Group has reviewed the key sources of estimation uncertainties disclosed in the recent annual audited consolidated financial statements against the backdrop of Covid-19 pandemic. Management believes that all sources of estimation uncertainty remain similar to those disclosed in the recent annual audited consolidated financial statements. Management will continue to monitor the situation and any changes required will be reflected in future reporting periods.

Impact of COVID-19

In response to the spread of the Covid-19 where the Group operates and its resulting disruptions to the social and economic activities in those markets, the Group management has proactively assessed its impacts on its operations and has taken a series of preventive measures, including the creating of a business contingency plan, to ensure the health and safety of its employees, customers and wider community as well as to ensure the continuity of its services throughout the market. The business operations of the Group currently remain largely unaffected. Based on these factors, the Group management believes that the Covid-19 pandemic has had no material effects on the reported condensed interim consolidated financial information as at and for the three-month period ended 31 March 2022.

3 Significant accounting policies

Application of new and revised International Financial Reporting Standards (IFRS)

Standards, interpretations and amendments to existing standards that are effective in 2022

In the current period, the Group has applied the following amendments to IFRSs issued by the International Accounting Standards Board ("IASB") that are mandatorily effective for an accounting period that begins on or after 1 January 2022. The application of these amendments to IFRSs has not had any material impact on the amounts reported for the current and prior periods but may affect the accounting for the Group's future transactions or arrangements.

- Proceeds before Intended Use (Amendments to IAS 16)
- Onerous Contracts – Cost of Fulfilling a Contract (Amendments to IAS 37)
- Amendments to IFRS 3 - References to the Conceptual Framework

These amendments do not have a significant impact on the condensed interim consolidated financial information and therefore the disclosures have not been made.

Amendment to standards and interpretations issued but not yet effective

The new standards and revised IFRSs not yet effective and have not been adopted early by the Group include:

- IFRS 17 Insurance Contracts
- Amendments to IFRS 17 Insurance Contracts (Amendments to IFRS 17 and IFRS 4)
- Amendments to IFRS 3 - References to the Conceptual Framework
- Annual Improvements to IFRS Standards 2018-2020 Cycle (Amendments to IFRS 1, IFRS 9, IFRS 16, IAS 41)
- Classification of Liabilities as Current or Non-current (Amendments to IAS 1)
- Deferred Tax related to Assets and Liabilities from a Single Transaction
- Disclosure of Accounting Policies (Amendments to IAS 1 and IFRS Practice Statement 2)
- Definition of Accounting Estimates (Amendments to IAS 8)

Management anticipates that these amendments will be adopted in the financial information in the initial period when they become mandatorily effective. Management is currently assessing the impact of the above standards.

Financial risk management

The Group's financial risk management objectives and policies are consistent with those disclosed in the consolidated financial statements as at and for the year ended 31 December 2021.

As required by the Securities and Commodities Authority ("SCA") circular No. 411/2018 dated 7 July 2018, the Group does not have any investments or exposures with Abraj Group.

The accounting policies in respect of investment properties, investment in securities and property and equipment are disclosed in this condensed interim consolidated financial information as required by SCA notification dated 12 October 2008.

4 Property and equipment

Property and equipment include land with a carrying value of AED 301 million (31 December 2021: AED 301 Million).

5 Investment property

The fair value of the Group's investment properties has been arrived at on the basis of a valuation carried out for the year ended 31 December 2021 by Najmat Al Murjan Real Estate Valuation Service LLC Dubai (the "Valuers") independent valuers, not related to the Group. The Valuers are members of the Royal Institute of Surveyors, and they have appropriate qualifications and recent experience in the valuation of properties in the relevant locations.

Management believes that the net impact of any potential changes in the key assumptions underlying this valuation used is not material and accordingly there is no change in the fair value of the investment properties as at 31 March 2022 compared to 31 December 2021. Management believes that fair value has not changed significantly during the period.

In estimating the fair value of the properties, the highest and best use of the property is considered as their current use. The inputs used in the valuations are not based on observable market data and thus the valuation techniques were considered to be a Level 3 valuation.

All investment properties are located in the United Arab Emirates.

The rental income earned by the Group from its investment properties, part of which is leased out under operating leases and the direct operating expenses arising on the investment properties is as follows:
